READING ROOM FOR MOONSHINERS

Mr. W. Knight Clynes Has Built and Endowed Such an Institution.

Mr. W. Knight Clynes, a young railroad contractor, of Jersey City, is in the city, stopping at the Jefferson Hotel, on his way home.

Mr. Clynes has just completed work on a branch of the L. and N. Railroad, running through the mountains of Tennessee and Kentucky.

"I was out there in those mountains for a year," said Mr. Clynes to a Times-Dispatch man last night, "and of necessity came in contact with the moonshiners. I had many personal friends among the moonshiners, many of whom I had worked for me on the railroad.

"Most of them had crude ideas of the niceties of civilization, and few of them could read or write. In fact, few of them had occasion to write, but I found them to be of an eager, intelligent nature, and it struck me that if given the opportunity they would become something more than mere illiterate and law-breakers."

Mr. Clynes said he spent a large part of his time in the evenings teaching those ignorant moonshiners, and at the end of the year that he had spent there, he felt proud of the result.

"So, well pleased am I," he said, "that I have established a library and reading room up in the mountains for the benefit of those people. The house was built by the men themselves, and before I left, I saw that the shelves were supplied with suitable books, and that the tables with magazines and papers. They were grateful, and I feel sure that the little library will be of vast benefit to them."

Mr. Clynes said he would keep in touch with his friends and keep them supplied with books and papers.

He will leave for Jersey City this morning.

PARIS THE MOST LITIGIOUS CAPITAL IN THE WORLD

(Special to The Times-Dispatch.)

PARIS, Jan. 16.—Paris probably heads the list of capitals as being the most litigious in the world. In the last year more than a quarter of a million cases have been decided, the civil tribunal alone hearing 150,000 cases. The most startling figures, however, are those of the divorce courts, which in 1902 decided 12,000 cases. As the average number of marriages is 20,000 per annum, it is clear that more than half are dissolved by the courts.

HITTING THE GRIT; ACTORS TRAMPING

(Special to The Times-Dispatch.)

NEW YORK, Jan. 16.—An official of a dramatic agency estimated to-day that fully 3,500 actors, stranded in strange places by the disbanding of 135 companies on to road, have for two months been wending their devious ways back to New York. Those that reach here will be no better off, he says, than those who have fallen by the wayside. The Central Union, the Chicago fire, has been the worst in years, from both a financial and an artistic standpoint. "Parasites," however, continues to draw crowded houses at low prices, and night audiences taxing the capacity of the roomy Metropolitan Opera House.

CONTRACT OF FATHER IS PRONOUNCED VALID

(By Associated Press.)

NEW YORK, Jan. 16.—Legal proceedings for the control of Wallace Hicks, the negro jockey, were today decided in favor of Alphonse J. Pique, a New Orleans trainer and horse owner, to whom Hicks was apprenticed by his father in Louisiana a year and a half ago for a period of three years. Justice Clark, in the Superior Court, today gave a decision to the effect that the contract was valid, and restraining him from keeping the lad as an apprentice.

CRISMOND TRIAL.

Acquitted on All Indictments Except One, and That Goes Over.

(Special to The Times-Dispatch.)

FREDERICKSBURG, VA., Jan. 16.—At Spotsylvania Courthouse last night, in the trial of J. H. P. Crismond, former clerk, the jury acquitted him on two more counts, and to-day decided that he was not guilty on seven other indictments.

This leaves only one indictment, which is on a charge of forgery, and that will go over to the Circuit Court. The case has attracted great interest throughout this section.

Pastor Resigns.

(Special to The Times-Dispatch.)

WILSON, N. C., Jan. 16.—Rev. J. J. Douglass, pastor of the Baptist Church, will, Sunday, tender his resignation. It is understood that after a short rest, Mr. Douglass will accept a call to a large church in Baltimore.

NEWS IN BRIEF FROM WORLD AT LARGE

Peterson was arrested to-day by Detective Murphy, of the Safe Deposit Company, of Baltimore, Md., and local detectives, charged with being a fugitive from justice from Montgomery, Ala. It is claimed that Peterson secured \$5,000 of the funds of the Federal National Bank of Montgomery.
